You know that friend that seems like nothing can ever hurt them?

They are steadfast, and always seem to let problems roll off their back.

You think
to yourself,
"there's no
way they
have the
same problems
as me, or
struggle
the way
I do."

Or maybe
you don't
even think
to think
that, because
they feel so
untouchable.

Here's the thing
though:
you never
know what's
going on
beneath the
surface.

You may
not have
looked close
enough to see
that they're drowning
without a life raft in sight.

Be the person to see their struggle
and throw them that life raft.

You may have
no idea how long
they've been waiting
for it.

Check on your strong friends. You never know when they may need you.
